

Eco Lodge Lac Coter

OVERVIEW:

Costa Rica, small in size but incredibly rich in its diversity, this small piece of land is 0, 03 percent of land area, has a little over 5 percent of the planet's biodiversity. In this true peaceful garden, is nestled in the northern forests, a haven of peace,

Veritable temple of well being, the legendary pioneer, Eco Lodge Costa Rica is surrounded by lush green tropical forest nestled in the arm of nature to bestow the true escape and serenity to all visitors ... Truly a haven of peace and tranquility.

-The Hotel, in its discretion and respect of the environment, seems to have germinated in the rainforest itself

Eco Lodge, by its strategic location, overlooking the lake and the famous volcano Arenal, is a dream above all the realization that is offered to the visitors.

An atmosphere that makes guests recapture the essence of their beings in a magical setting, reminiscent (recalling) the early songs of the world.

Far from any esoteric disheveled, you can also experiment an authentic invigorating and relaxing therapies, or yoga session on our outdoors terrace.

WHO ARE WE?

We are above all human beings, who have decided to serve others.

OUR SPECIFICITY:

An Eco Lodge 3-star comfort and sustainable development are not necessarily antithetical; it illustrates the perfect compromise combining well being of the client and respect of the environment.

- The Eco Lodge Lake Coter today capitalizes on its assets, years of positive energy and hard work.
- It is the eco precursor Lodge in Costa Rica today.
- It is a hotel product flagship of the policy s tourism of the country.

An offer accommodation is declined in two ways: Rooms in the heart of the Eco Lodge, Bungalows, for more privacy.

Since the well being of the client is the goal of all hotel companies, and the context is propitious, we are providing many relaxation therapies and yoga.

OUR ROOMS AND FACILITIES:

- . 19 rooms in the heart of the Eco Lodge
- . 10 bungalows with 20 rooms

Our rooms are furnished with standard 3 stars hotels equipment.

The sun renews every morning this gorgeous show which highlights the magnificent unique landscape atmosphere: both lakes and Arenal volcano.

OUTDOORS ACTIVITIES:

. Guided tours of the rainforest with a naturalist Malekus, you would discover the wildlife and lush flora of the region, including the tree of peace, Centennial Quad, etc...

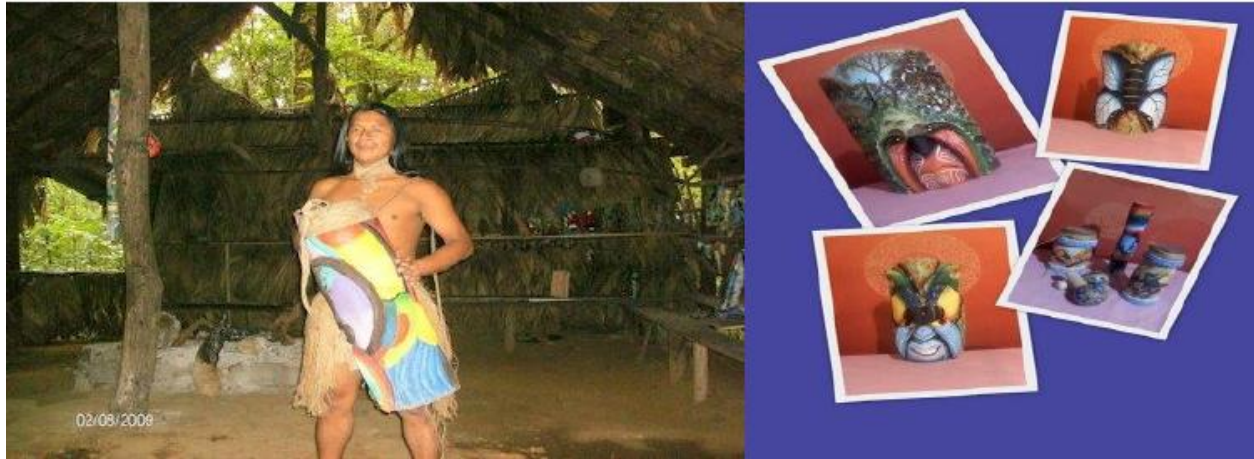

Cruiser along the lake in a kayak

.Cruiser along the lake in a kayak

- Climb the beautiful and glorious South American horses for a hike to the lake.
. A touch of dynamism in a place where time takes its time: Let the winds straighten your sail and practice the Wake Board, in one of the most famous spots in the country.

During the yoga classes on our terraces, listen to the sound of the leaves trembling with the rhythm of the wind and enjoy peace.

In this context of standardization and massification of tourism, the preservation of the environment and the authenticity of indigenous cultures is a first aim of the establishment.

In this same spirit of solidarity that you can participate in crafts workshops Malekus with Miguel (figurines and masks, telling the story of the Indians).

In this participatory approach, you can also contribute to planting trees in the rainforest and have a protective tree that bears your name.
